This couldn't be.

Author's Notes:
Based off a nightmare I had. I'm sorrryyyy.

English is not my former language.

This couldn't be.

That couldn't be him.

The bloody mess in front of me couldn't be Dirk.

That couldn't be his long, brown mane, covered in blood.
That couldn't be his eyes, wide open, but seeing nothing.
That couldn't be his nose, cracked to the side, bloody.
That couldn't be his chest, cut open, ribs and organs visible.

That couldn't be him.

His hair was beautiful, . Not bloody.
His eyes were a calming blue, not staring.
His nose was sharp, not broken.
His chest was muscular, covered in skin, not cut open.

But it was him.

My best friend.

Dead.
